Our easy-to-use web-based solution lets you get started fast.

Optimize Your Pricing Strategy with QL2 Data Access for AutoParts

In the auto parts industry, continuous knowledge of competitor's prices, products and promotions means staying competitive. QL2 understands that for revenue managers and analysts, knowledge of changes in the market landscape allows for quick and strategic action to better grow and protect your position in the market.

QL2 equips auto parts professionals with information about the competitive options that are available to consumers today. QL2 Data Access for AutoParts makes available your competitor's category and product information. Only QL2 boasts a cost-effective way to capture and manage actionable data and a means to keep track of the choices and offers available to your customers.

Getting Started is Fast and Easy

QL2 Data Access for AutoParts is easy to use, giving you the ability to search competitor sites for pricing and promotions in specific markets, over specific competitor sites. QL2 puts you in control of what, when, and how often you search with a convenient scheduling option, enabling you to spend more time making key decisions and less time gathering data.

QL2 Data Access for AutoParts keeps up with changes to competitor sites so you see movement in the market while it is happening rather than weeks later. This limits surprises and helps you protect key positions in market segments.

- **Easy-to-use:** Connect to QL2 Data Access for AutoParts via any web browser.
- **User-controlled:** Select only the information critical to your goals.
- **On Demand:** Access new data as often as needed for the most up-to-date pricing and product information.
- **Robust:** Access pricing and product data for any number of competitors.
- **Dynamic:** Take advantage of continuous access to critical information as QL2 Data Access for AutoParts quickly adapts to website changes.
